

The F&I Growth Platform for Real Dealer Influence

VelociFI gives agents the tools to identify the right dealerships, present with confidence, and drive a consistent product strategy inside the store.

Why F&I Professionals Choose VelociFI

VelociFI is the only platform built specifically for F&I professionals to combine prospecting, dealer data, quoting, and routing into one seamless workflow.

Every part of the experience is designed to save time, reveal new opportunities, and make dealer conversations more impactful.

Here's what makes it different:

- **National Dealership Data at Your Fingertips**
Get insights from over 60,000 dealerships — including inventory mix, sales trends, and performance benchmarks.
- **Smarter Selling Conversations**
Every dealer profile is backed by real-time inventory data, helping you walk in with clarity.
- **Integrated Quoting**
Quote vehicles and compare coverage options in seconds — without portal hopping or manual entry.
- **Territory Routing**
Visualize your entire region, plan efficient trips, and log visits — turning every meeting into progress.
- **Free Tools for Your Dealerships**
Provide your dealers with a menu system that drives profit and product compliance.

FIND Target High-Opportunity Dealerships

VelociFI gives you live visibility into 60,000+ dealerships — including inventory mix, sales performance, and vehicle data — so you can prioritize stores where your products actually fit.

Spend time where placement is most likely.

Core capabilities

- Live dealership & inventory data
- Sales and performance indicators
- Intelligent territory routing
- Product-fit segmentation

PITCH Quote Quickly. Present with Confidence.

VelociFI helps you instantly quote vehicles directly from a dealer's live inventory and generate structured, dealer-ready presentations in seconds.

Move from generic selling to data-backed recommendations.

Core capabilities

- Fast vehicle quoting
- Multi-provider comparisons
- Real-time inventory lookup
- White-labeled dealer presentations

GROW Standardize Placement with AmpliFI

AmpliFI is the dealer-facing tool that standardizes how products are presented, structured, and documented — across managers and rooftops.

Reduce variance. Increase placement consistency.

Core capabilities

- A complete menu system for dealers
- Professional e-contracting
- Dealer performance tracking
- Product presentation compliance
